

Born in St. Louis, Missouri but raised on a large pig farm in rural southeast Missouri. My wife is a native of Indiana and an elementary teacher. We met through church friends in Indiana nearly three decades ago. Hoosier Hysteria has been a natural fit for me. Basketball was everything at Puxico High School

We have two daughters. One is an Indiana University graduate of Nursing and is a RN at Norton Hospital. Our son-in-law, a Purdue graduate, is in Medical School at University of Louisville. Our youngest daughter is in elementary school. We have yet to have any grandchildren, with the possible exception of Doug the pug.

A career in education has provided an opportunity to serve others, lead and be a lifelong learner.
